CRAIG'S BILL WON

COUNTY UNIT MEASURE ADOPTED TUESDAY.

BY HOUSE BY 72 TO 58

Hard Fight Fought for Hours by Anderson Craig of Nodaway County.

Anderson Craig's county option bill passed the house late Tuesday afternoon by a vote of 72 to 58, a constitutional majority with two votes to spare. The following dispatch tells of the fight made by Craig:

After a two-hour discussion of the county unit local option and city district bills, and despite filibustering tactics by both sides at times, the first of the two measures was taken up for passage. But the dinner hour arrived in the midst of the fight and all members cared more for that than they did for a decision of the question. As a result, while the measure was on the eve of decision the house adjourned until 2 o'clock.

The fight was easily the most bitterly fought during this session. Monday the measure had been made a special order for Thursday.

The trouble began as soon as the house had disposed of the morning routine. Craig of Nodaway, the floor leader for the dries, after a conference with the prohibitionists, decided to go in for a fight to get the county unit and city district bills taken from the special order in which they had been placed.

Craig Digs Up the Bills.

Craig moved that the resolutions making the bills a special order for Thursday be reconsidered. As a substitute, Farris moved to lay the question on the table.

The first vote showed the dries controlling the situation by a vote of 57 to 70. The first roll call showed less than a constitutional majority for the dries, but both sides sent out men to bustle in their friends among the members. By the second vote by roll, the dries had increased their vote to a safe majority of the whole house.

Craig took no chances on a viva voce vote, and demanded a roll upon everything where a decision was called for.

Motions, substitutes and amendments flew as fast as bullets in a battle in the fight for control. Seven rolls were called before the members finally had a chance to vote on the passage of the bill, the eighth being on the passage of the county unit bill.

The bill was ordered read a third time and placed on its passage by a test of 77 to 58, five more than a bare constitutional majority of the membership.

After an all-day session a vote was taken on the county option measure of Craig's and it carried by a vote of 72 to 58.

Granted License.

A marriage license was issued Tuesday evening to James A. Greenloe of Pickering and Miss Luneta L. Garmon of Maryville.

DELIVERED TALKS AT NORMAL CHAPEL

The addresses of Superintendent C. A. Hawkins of the city schools and State Superintendent of Schools Evans to the Normal students in chapel Wednesday morning were very interesting, instructive and entertaining.

Superintendent Hawkins was called upon to speak first. He chose for his topic "The Far Look." It was an apt subject to speak upon, and Mr. Hawkins presented it in a most excellent way.

He opened his address by saying that in his judgment the teachers of Missouri had, for the most part, neglected the "Far Look," and had contented themselves with the "Near View." Of the sixteen thousand teachers in the state only about six thousand have a Normal school diploma or better. An amazingly large number of the remaining ten thousand do not have even a high school education.

The next point made was the need of culture. "No teacher," said Mr. Hawkins, "should start out in his profession until he has acquired all of the culture and refinement possible. He also advised the students to make the most of the powers with which God had endowed them. For if a person neglects to cultivate his powers nature will sooner or later take them from him, and should a time come when he wishes to use them he will find, to his great disappointment, that he is unable not only to use them but he will be unable to develop them, no matter how hard he strives to do so."

In closing, Mr. Hawkins spoke of the work of the teacher in relation to the community. "Do not," said he, "make it your aim to meet with the communities' views and so please them. Rather give them the best that is within you, and by service and example win them over to your side."

Superintendent Evans then spoke to the students. He chose no special topic, but talked on school matters in general. In the main he said that he wished to emphasize Prof. Hawkins' address. In illustration of this he spoke of the curriculum of the Japanese schools, of which he had recently made a study. The subject given the first place in Japanese education is moral instruction, or, as we would say, ethics. Next came the study of language, and these two subjects gave the Japanese that culture and refinement for which Prof. Hawkins made a plea.

Entertaining Her Niece.

Mrs. James F. Cook of South Buchanan street is entertaining her niece, Miss Leona Willard of Mound City, who accompanied her home Monday night from a visit there with relatives. Mrs. Cook also visited friends at Skidmore after her trip to St. Joseph.

Mrs. S. M. Brown of near Trenton, who has been visiting in Maryville with her son, Floyd Brown, went to Stanberry Wednesday to visit another son, Clyde Brown, formerly of Maryville.

Miss Malda Michau, who has been the guest of her relatives, the Townsends, Michau and Forsyth families, the past week, returned to her home in St. Joseph Monday evening.

Miss Myrtle Miller went to Barnard Tuesday evening on account of the illness of her grandmother, Mrs. Ella Rhoades, of near Guilford.

Mrs. T. J. Parle and her sister-in-law, Mrs. John Graham of Clyde, went to St. Joseph Wednesday to spend the day.

Mrs. Charles Alexander and Miss Ethel Alexander of Pickering were Maryville visitors Wednesday.

Dr. C. Wood and Willis Frankum of Quitman were Maryville business visitors Wednesday.

Mrs. John Stundon and little daughter, Bessie, went to Arkoe Wednesday morning.

Miss Mary Gleason of Arkoe spent Tuesday in Maryville shopping.

ENJOYABLE MEETING

DENTAL ASSOCIATION HERE WAS A SUCCESSFUL ONE.

A LARGE ATTENDANCE

At the Banquet Served Tuesday Evening a Number of Interesting Speeches Were Made.

The Northwest Missouri Dental association meeting adjourned Tuesday evening, after one of the most enjoyable meetings held by the association for some time. The local dentists are being praised by the visitors for their entertainment and the reception they received while in the city. The local committee was composed of Dr. H. L. Stinson, Dr. L. C. Allender, Dr. J. C. Allender, Dr. E. C. Branigan, Dr. Jesse Miller and Dr. N. W. Templeton.

The banquet served by the ladies of the Eastern Star in the Masonic hall was held at 6 o'clock Tuesday evening, after the visitors had been given an automobile ride over the city by the Commercial club. The banquet was a very enjoyable affair, and speeches were delivered by State Superintendent of Schools Evans, President H. K. Taylor of the Normal, C. C. Allen, president of the Kansas City Dental college, and Dr. P. H. Prothero. After the banquet an evening session was held and paper were read by Dr. Prothero and Dr. Dewey. Dr. Prothero is an instructor in the Northwestern Dental college at Evanston, Ill., and was the guest while in the city of Dr. L. A. Allender.

The visiting dentists that attended the meeting were: D. N. Austin, Gus Durant, H. C. Stokes, B. G. Winkler, Carl Neumann, F. P. Cronkite, J. G. Morgan, C. J. Hlemer, H. C. Weddle, J. McDonald, A. DINNER A SUCCESS

AT THE COMMERCIAL CLUB MEETING MANY MATTERS TAKEN UP.

TALK OF MR. HIRTH

Dedication Ceremonies of Normal to Be April 29—An Address by President Taylor.

The Commercial Club held a lengthy but profitable session at the Club rooms Tuesday evening. A luncheon was served that was well attended and a growing interest and enthusiasm was evident.

William R. Hirth, publisher of the Columbia Statesman and the Missouri Farmer and Breeder, who is in the city in the interest of his paper, made a practical talk on the possibilities and future of Maryville that should have been heard by every business man. He said this city is the best and prettiest of any he has seen in this section of Missouri, and with its miles of street paving and magnificent country surrounding, its destiny is entirely in the hands of its citizens. There could be no better foundation for a city.

He made it plain though that in the matter of building cities the Lord helps those who help themselves. He gave an interesting account of the work of the Commercial Club in Columbia during the past seven years. Columbia is one of the few Missouri cities that has enjoyed a phenomenal growth during recent years. It is now three times larger than it was ten years ago and has been transformed from the dead end of an old school town to a live little city with a dinner bucket brigade and healthy pay rolls.

It was all the work of the Commercial club. They saw that something must be done and a few got together and decided to go after something. The determination spread to others and they got something. Then they immediately began to look for something more. The effort has not only been to build up and expand business but realty values have increased many times more than all the amount spent. One man who had paid \$5,000 for ten acres improved adjoining the city has realized \$30,000 for it, another who paid fifteen hundred for five acres has been offered fifteen thousand.

Just now they are locating a condensed milk plant there and an institution of this kind was strongly recommended for this city. In Illinois and other states where they have been located they have proved eminently successful, enriching the farmers, employed the idle and supplying pay rolls amounting to as high as \$25,000 per month.

Mr. Hirth also made a short talk in the interest of his agricultural publication which the club endorsed. The resolution was:

Whereas, The Farmer and Breeder, published at Columbia, Missouri, devotes itself especially to the interests of Missouri farmers, breeders and fruit growers, giving full, true and faithful reports of the work, experiments and achievements of the Missouri Agricultural college; therefore, Let it

Resolved, That the Maryville Commercial club recommend it to all engaged in the above pursuits and to all those interested in promoting the welfare of the farm and kindred interests as a most helpful and valuable publication.

The matter of a night watch was discussed. Some complaint was made because it was thought the present night watch had become somewhat lax in his work and did not remain on duty long enough in the morning. It was decided however to re-employ him.

The committee on the water question reported that they were working but not yet ready to report. This was also the report of the committee on constitution and by-laws.

Mr. Orser reported on the invitation extended by the ad. club of St. Joseph that of the several dates mentioned only one now remained open. This is Mar. 29 and the committee was instructed to ascertain how many could be induced to go and what, if any, rates could be secured for a car.

Dr. Taylor of the Normal came in later and made a talk in behalf of this meeting at St. Joseph, feeling that it would be of great benefit to the Normal. St. Joseph, he said is now taking more interest in the Normal than at any previous time, and the number of inquiries from there relative to enrollment is steadily increasing. A list of subjects was submitted and a number of names suggested of men who would make speeches if needed.

Dr. Taylor also discussed the desirability of disposing of the old Seminary grounds and using the money toward the erection of a dormitory building. He is very earnest in the matter, and the matter was afterward discussed in a general way as to the best way to deal with the proposition. Dr. Taylor said they had made experiments showing that by preparing food in large quantities they could furnish satisfactory meals for \$2.85 per week. He wanted it understood, however, that this was in no sense a move in competition with those who have been furnishing meals in private families, but rather to meet an issue that must be met, which at the same time would relieve the people of a considerable burden and enable them to make something from the rooms they rent.

Dr. Taylor also desired an expression from the club in relation to the completion of the building and the advisability of the board of regents proceeding to complete the work. He desired to dedicate the building April 29. The Northwest Teachers' association will be here that week and with the track meet and oratorical contest he expects a crowd that will tax the capacity of the city, and asked the club to bear this in mind and make preparations accordingly.

J. F. Hull moved that Dr. Taylor's plan to have the dedication ceremonies on April 29th be endorsed, and that the club provide any committee necessary to help provide for it. This was carried.

A motion by W. C. Van Cleve was carried to the effect that if Contractor Marshall failed and refused to immediately proceed with work on the Normal building, that it be the sense and recommendation of the Commercial club that the board of regents avail themselves of the provision in the building contract that permits them in such case to take charge and proceed with the completion of the building at the earliest possible date.

Prof. Oakerson urged some action that would bring out a good crowd to meet the special agricultural train that is to be here the evening of the 23rd of March. Lectures will be given in the court house, and it was moved that an effort be made to secure a band. Prof. Landon offered to furnish an orchestra to entertain the crowd at the court house before the arrival of the speakers, which offer was readily accepted.

D. R. Eversole mentioned the work of building roads that is proceeding rapidly and satisfactorily in Iowa, and suggested that this county might try its hand on a road to Ravenwood. Harve Balmum said he had just returned from Leon, Iowa, and that Leon had raised one thousand dollars for a road to be known as the river to river road to run from the Mississippi to the Missouri. The farmers and everybody along the line were donating, and a great highway will be built. The plan seems to be to get everything ready, and all sections start at once and a great highway many miles in length will be constructed in a few days.

BOARD OF REGENTS TO MEET THURSDAY

The board of regents of the Normal school will meet in St. Joseph Thursday morning at ten o'clock at the Robidoux hotel. This meeting will be the first one for the two new members, W. A. Blagg and J. B. O'Brien. The board will be presented with the names for confirmation of those who were granted life certificates and regent certificates by the faculty at the close of the spring term.

The faculty of the school granted the following certificates at a meeting held Wednesday morning: Life certificate to Miss Lulu Todd, regent certificates to Miss Anna Belle Tomlinson and J. W. Place.

MRS. WILES DEAD

PASSED AWAY WEDNESDAY AT 8:20 O'CLOCK.

HAD BEEN SICK 2 MONTHS

Funeral Services to Be Held Friday at the First Baptist Church by Rev. Harrel.

Virginia Ethel Wiles, wife of John Walter Wiles, passed away at 8:20 o'clock Wednesday morning at the family home, on North Mulberry street, after a two months' illness of a complication of diseases.

The funeral services will be held Friday afternoon, March 17, at 2:30 o'clock at the First Baptist church, conducted by the pastor, Rev. Lee Harrel. Interment will take place in Oak Hill cemetery. The body will lie in state at the home Friday morning from 9 to 12 o'clock.

Mrs. Wiles was born July 15, 1892, at Newton, Jasper county, Ia., making her 48 years and 8 months old at the time of her death. Her maiden name was Virginia Ethel Hopping. She grew to womanhood in her native town, where she was married April 29, 1879, to J. Walter Wiles of this city, a son of Aaron Wiles, a former well known citizen of Maryville. They came to Maryville soon after their marriage, which has been their home for thirty-two years. Four sons were born to them: William Earl Wiles, former prosecuting attorney of Nodaway county; Carl Aaron Wiles, Charles Walter Wiles and Thomas Harold Wiles, all living at home excepting Carl Wiles, who, with his wife and two children, live on West Seventh street. Mrs. Wiles is also survived by three brothers and one sister: William A. Hopping, Sidney Hopping and Mrs. Marie Ladwig of Wallace, Neb., and T. J. Hopping of Albia, Ia. Her mother died May 3, 1909, at Wallace, Neb. Her father's death occurred while she was in her infancy.

Mrs. Wiles was a member of the First Baptist church of this city, also the Eastern Star lodge, and woman noted for her good works.

CRANE'S

NEEDFUL KNOWLEDGE.

Maryville People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment irregular of passage or attended by a sensation of scalding. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy and other serious troubles. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.

You can use no better remedy than Doan's Kidney Pills. Here's Maryville proof:

G. W. Hempstead, East First street, Maryville, Mo., says: "When suffering from an extreme sensitiveness in the small of my back, I was advised by a friend to give Doan's Kidney Pills a trial. I procured a box at Charles A. Love's drug store and they lived up to representations. I have never had any trouble from my back or kidneys since."

Weak Kidneys

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell.

Dr. Shoop's Restorative

THOMAS J. PARLE.

Catarrh is Surely a Dangerous Disease.

Thousands of people allow catarrh to slowly undermine the whole system until a serious disease develops—sometimes consumption.

People who have catarrh should use every effort to get rid of it, but should always all adopt a sensible method.

Stomach dosing, sprays and douches won't cure catarrh because it is a germ disease, and the germs must be destroyed before the disease can be conquered.

Hyomei is the one sensible cure for catarrh because it reaches every fold, crevice and nook in the mucous membrane and gets where the germs are. You breathe Hyomei and as it passes over the inflamed membrane its soothing influence heals the soreness and destroys the germs.

A complete Hyomei outfit costs \$1.00. This consists of a bottle of Hyomei and a hard rubber inhaler. Pour a few drops of Hyomei into the inhaler and breathe it a few minutes each day, that's all you have to do. It is guaranteed by the Orser-Henry Drug company and druggists everywhere to cure catarrh, coughs, colds and sore throat or money back. Extra bottle of Hyomei costs 50 cents. Free trial sample on request, from Booth's Hyomei Co., Buffalo, N. Y.

FREE LECTURES OF INTEREST TO FARMERS

EXPERTS FROM COLLEGE OF AGRICULTURE TO TALK ON FARMING, IN THE COURT HOUSE 7:30 P. M. THURSDAY, MARCH 23rd

Josephine, the World's Champion Cow, to be Exhibited Free on Special Wabash Train

EVERYBODY SHOULD ATTEND

An event of unusual interest, not only to the farmers of our county but to the people generally, are the coming lectures by the experts of the College of Agriculture, University of Missouri, and of the State Board of Agriculture.

The Democrat-Forum is informed that the Wabash special train, carrying the experts and their exhibits, will arrive at Maryville at 7:00 P. M. Thursday, March 23. The lectures will be delivered in the Court House, and everybody is cordially invited to attend.

The lectures will include such interesting subjects as "Better Farm Methods," "Modern Dairying," "Spraying," "Horticultural Work," "Soil Improvement," "Better Live Stock," etc.—every subject of great interest.

An especially attractive feature of the exhibits carried on the special train will be "Missouri Chief Josephine," the world's champion cow, which, as some of you know, was born and raised on the Missouri Agricultural Farm. She offers wonderful evidence of the real dollars and cents value of farm methods as practiced at the College of Agriculture, and about which we are to hear at the lectures. There will also be shown some other thoroughbred stock owned by the College of Agriculture. This is some of the best stock ever produced in Missouri, or any other state, and will undoubtedly be interesting to see.

The Democrat-Forum sincerely believes that these lectures will be of great interest and real practical help to everyone who hears them.

Opportunity Unequalled

Never before and probably never again will you have a chance at such remarkable bargains as we now have to offer you in

Clothing, Hats and Shoes

We have to give up this store room the first of April and this stock must be disposed of by that time. It has always been our pride to keep this stock absolutely clean and what you buy here now at less than the manufacturers' cost is just as good as though you were paying the regular profit which merchants who expect to remain in business must get.

IT'S YOUR ADVANTAGE

We are quitting business and we want every suit of clothes, every pair of shoes, every hat, every article of furnishing—everything in the store—to be owned by other people by that time. Price is no object—this stock must go. Come in and let us show you some of the bargains. ALL FIXTURES FOR SALE.

HAIR ADVICE

VALUABLE TO THE PREMA-TURELY GRAY-HAIRED PEOPLE.

What a pity it is to observe so many people with thin and faded hair, and then realize that the most of these people might have a fine, healthy head of hair if they would but use the simple "sage tea" of our grandmothers combined with other ingredients for restoring and preserving the hair. No one, young or old, need have gray hair, weak, thin or falling hair, dandruff or any troubles of the sort if they would but use Wyeth's Sage and Sulphur Hair Remedy. On the contrary, it is possible to have healthy, vigorous hair, of perfect color, by a few applications of this remarkable preparation.

Wyeth's Sage and Sulphur Hair Remedy quickly removes dandruff, leaves the scalp clean and healthy, promotes the growth of the hair and restores the natural color of hair which has become faded or gray. It is a clean wholesome dressing, which may be used at any time and with perfect safety. Don't neglect your hair. Start to-day with Wyeth's Sage and Sulphur.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

Koch Pharmacy.

THIN HAIR ON TOP.

A Dose of Parisian Sage in Time Multiplies One Hair by Nine.

Young men, old men, middle aged men, all begin to worry when the hair thins out on the top of the head, and the bald spot is getting ready to appear in public.

They don't know what to do; they get rattled, ask advice, try specialists, listen to barbers and do everything they ought not to do.

To these men we want to say that the Koch pharmacy has a prescription for the hair called Parisian Sage, and if it will not cause hair to grow where the hair is thinning out, nothing on this earth will.

And we want to say to everybody, man, woman and child, that you can have your money back if Parisian Sage isn't the best hair grower, hair saver, hair beautifier and dandruff cure on the market today.

It stops itching scalp and falling hair, and makes hair grow thick and abundantly. Fifty cents for a large bottle at the Koch pharmacy. The girl with the auburn hair is on every bottle.
